# Connected health services, all accessed in one place

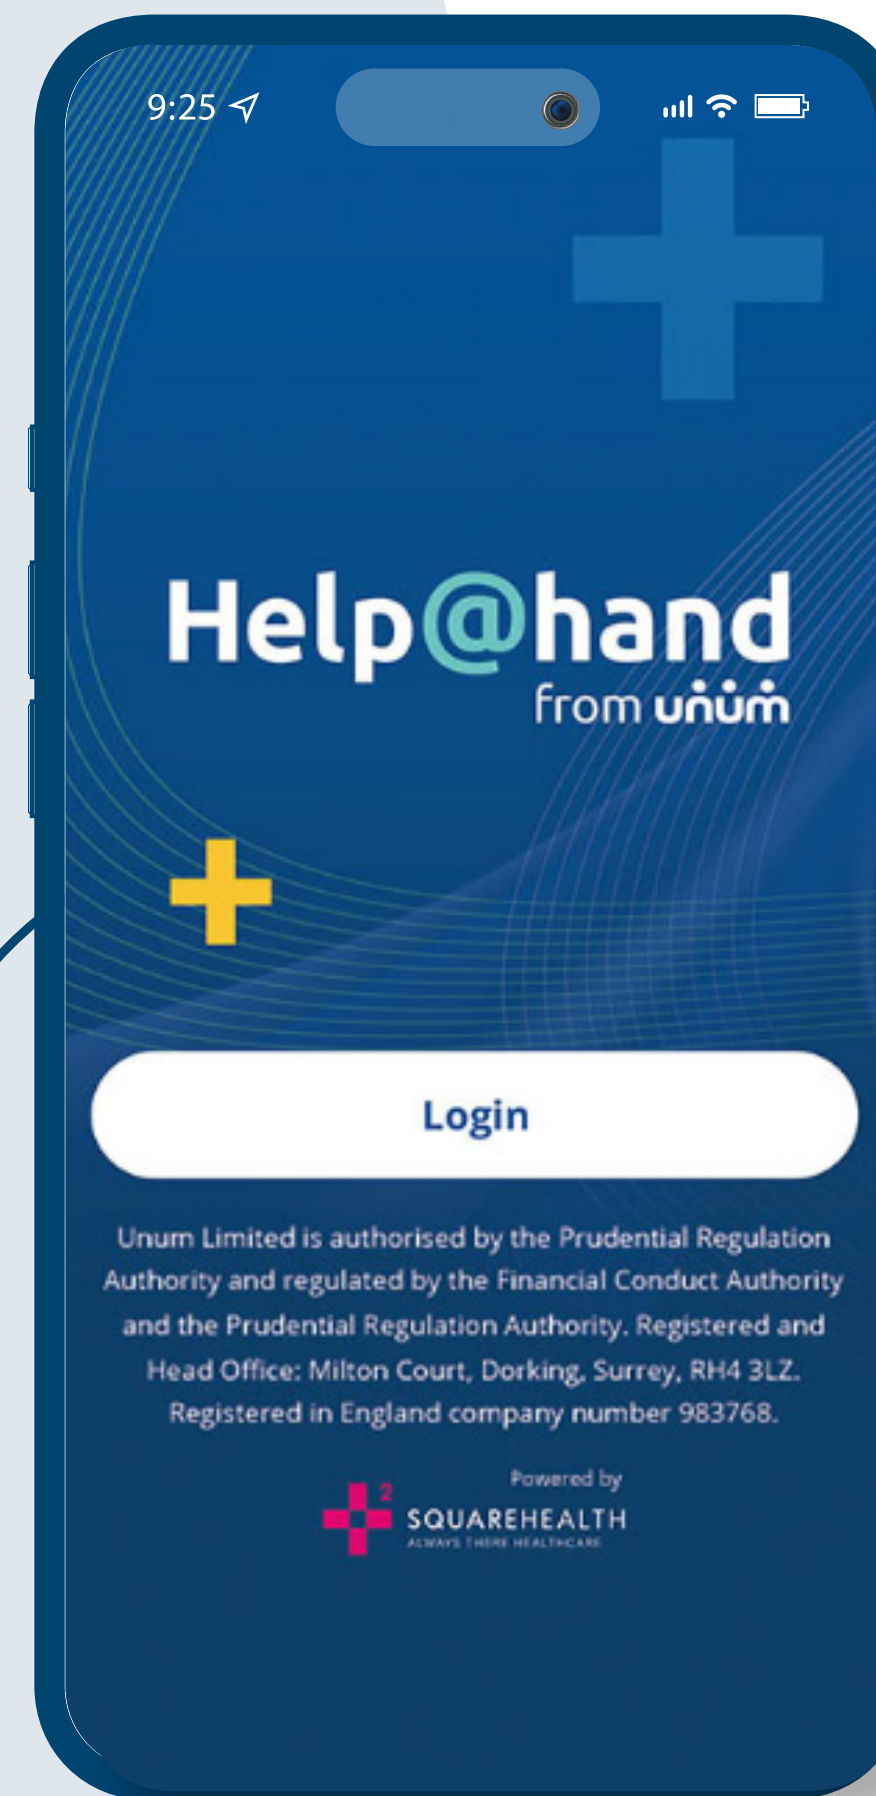

## Benefits with wellbeing in mind

With Help@hand from Unum, the award-winning health and wellbeing app, your clients' employees can access Health Plan 360's proactive health and wellbeing services in one place.

## Claim through the app

The app is the most convenient and fastest way to make a claim. Just follow the simple steps and the claim will be processed quickly.

**Help@hand**  
from unum®

## Cancer screening assessment

Employees complete the online questionnaires to assess cancer risk.

High-risk individuals can claim reimbursement for at-home screening kits. The Help@hand app streamlines this process for early detection and better outcomes.

## Health assessment / MOT

Keep employee health on track with digital assessments and option to buy an at-home test.

## Nutritionist support

Expert advice from a nutritionist to help improve diet and maintain a healthy, balanced life.

## Personalised mental health support

Tailored consultations with a qualified mental healthcare professional.<sup>1</sup> The clinicians can also refer employees for support such as online cognitive behavioural therapy.

## Unlimited remote GP

Unlimited remote GP appointments with a UK GP at any time.

## Healthcare navigator

Connecting employees' health journeys from app to other available external healthcare.

## Second medical opinion

Access to reassurance, diagnosis review or treatment plan consideration.

## Retail savings and discounts

Use the app to find discounts and deals for everyday costs, from groceries to entertainment.

## Physiotherapy<sup>1</sup> and complementary therapies

Sessions of physiotherapy, osteopathy, chiropractic care or acupuncture with an approved clinician available via Help@hand (not available if insured treatment option is selected).

## 24/7 helpline and wellbeing resources

A 24/7 helpline available to employees, plus access to regular events like webinars and podcasts featuring experts and guest speakers on lifestyle, physical, emotional, and financial topics.

1. For mild to moderate issues. Subject to clinical appropriateness.

## Go digital and simplify your policy management

Experience a seamless, end-to-end digital journey and effortlessly handle all aspects of the policy online.

From uploading data to viewing invoices and obtaining up-to-date member reports and insights.

## Company funded and flex upgrade options

A choice of funding options, plus you can customise the plan's benefits and coverage amounts when getting a quote online (a minimum number of employees applies).

1

### Get a quote

Go online, enter your client's information, customise the plan to fit their workforce needs, and receive an instant quote.

2

### Purchase the policy

Once your client is satisfied, buy the policy online and use our digital drag-and-drop tool to upload employee data.

3

### Policy activation

We will then notify employees of the benefits and services available to them from the start of the policy.
