

5 reasons to choose dental cover from Unum Dental as part of your benefits

Making the cost of essential dental treatment more affordable

1

Cover for a variety of dental treatments

Typical cover includes reimbursement towards the cost of check-ups, hygienist visits, fillings, crowns and even dental implants (cover varies according to level of cover chosen)*

2

Partner and child cover

You can extend the cover to include your partner and children who may also require support to manage dental bills (for an additional cost)*

3

Visit any dentist with worldwide cover

You can visit any dental practice, NHS or private, anywhere in the world — and claim back the cost for treatments listed on your benefit schedule*

4

100% of the cost of NHS treatments covered

Giving confidence to NHS patients dental costs are covered in full*

5
