

There's more than meets the eye with Unum Dental

Did you know going for an eye exam will not just tell you if you need glasses or a change of prescription it's also an important eye health check. Opticians can help spot many general health problems and eye conditions during the exam.

Our optical insurance encourages your workforce and their insured dependants to maintain good eye health. We keep an eye on the future by providing cover towards the cost of regular eye exams as well as help towards the cost of frames, lenses and contact lenses.

Key features of the optical plans

Cover levels, limits and exclusions apply. Refer to your benefit schedule for full details.

- ✓ Cover towards examinations, lenses and frames
- ✓ Includes cover for contact lenses, off-the-shelf reading glasses and digital protection lenses
